

## **OIXIO DigiSign**

### **for Dynamics 365 Business Central**

**OIXIO DigiSign** is a cloud-based extension for Microsoft Dynamics 365 Business Central that enables secure, legally compliant digital signing of documents directly within your ERP system.

#### **Main features**

Integrated Digital Signing - Sign payments electronically without leaving Business Central

Secure and Compliant - Supports legally binding signatures according to international standards.

Workflow Automation - Embed signing steps into existing approval processes.

Efficiency - Eliminate manual signing and scanning, reducing turnaround times.

Compliance - Ensure signatures meet legal and regulatory requirements.

OIXIO DigiSign brings secure, legally compliant digital signing directly into Microsoft Dynamics 365 Business Central, streamlining document workflows and enabling fast, paperless approvals.
